Designing

In Modern age, designing makes difference between the firms of an industry. In ceramics industry designing gives us the opportunity to make a good name all over the industry. According to the thoughts and needs of modern age Imran Ceramics provides his customers a lot of designs. We hire special designer for your best choice.

Quality

Many years ago at the initial stage of ceramics industries no one knows about the quality pack, but now a days quality is a fact. Quality makes the standard of the industry. Quality is the concept, which brings the industries to the peaks. So, keeping all these in minds. We are trying to make a standard quality. And this standard of quality give us a good feed back to maintain the quality with the help of skilled management.

Packing

Packing is an important factor for the quality products. It indicates the standard of the products. Here, we provides two opportunities for packing.

- i. Wooden made cartes.
- ii. Printed cartoon packing.

The cartoon packing is printed the name of the set with the industry name. It is export quality packing for the ceramics set.

Standard Verification

This is an indication of the degree of porosity of a piece of fired bathroom sanitary ware. Low levels can lead to cracks in the glaze. Imran Ceramics produce according to international standard to give the highest levels of quality.

Customization

This is the fact that we are providing products according to the customer's need. The color scheme and designing of products can be produced according to the satisfaction level of the customer's demand in case of huge quantity.
